CUTS ENERGY COSTS UP TO 50%*

Sealection® 500 is an industry-leading formula of open-cell spray foam insulation that expands 120 times its liquid volume to insulate and seal all cracks, gaps and joints with a single application. It is easy to install and finish. For more information, consult CCMC evaluation 12697-R on the Huntsman Building Solutions website.

Sealection 500 also acts as an air barrier, increasing the air tightness of buildings and therefore, increasing the interior comfort and lowering energy costs.
