THERMO-FLEX™

ACRYLIC ROOF COATING SYSTEMS

THERMO-FLEX™

ACRYLIC ROOF COATING SYSTEMS

Choosing to spray foam your roof can reduce the wear and tear that occurs with traditional roofing materials. Applying Huntsman Building Solutions Thermo-Flex™ acrylic roof coating system preserves the life of commercial and residential roofs. This advanced insulation is applied to any design and most substrates, sealing the building envelope to stop heat transfer through the roof deck.

Thermo-Flex is formulated using an advanced 100% acrylic polymer technology and is ideal for low-slope roofing applications with positive drainage in new and retrofit construction. Acrylic elastomers provide an economical solution available in standard, quick-set and fast-set formulas.

THERMO-FLEX BENEFITS

- Provides a seamless umbrella over new and existing roof substrates
- Best insulation value per inch
- 100% Adhesion
- Self-Flashing
- Slopes to drain
- System is lightweight
- Renewable
- 60 Years of Proven Performance
- Meets requirements for California Title 24

COMPLETE ROOF PROTECTION

The Thermo-Flex acrylic roof coating system is designed to protect, preserve and prolong the life of both commercial and residential roofs. This system includes FOAM-LOK Polyurethane Spray Foam and Thermo-Flex acrylic roof coating, creating a high-performance insulation solution.

Huntsman Building Solutions FOAM-LOK Spray Foam Roofing System is a sustainable spray foam used in a wide range of commercial, agricultural, industrial and residential applications.

WHY THERMO-FLEX COATING SYSTEM?

Thermo-Flex is an economical and effective roof coating system for application over new and existing roof substrates. In re-roofing applications, Thermo-Flex applied over spray foam eliminates costly “tearoff,” land-fill fees, interior exposure and down time. Whether the right choice for you is 100% Acrylic TF 1000, TF 750 or TF 500, rest assured that Thermo-Flex technology, with years of proven reliability, will provide you the cost savings and performance you require.
